Part 2 — Organized by Health Tech Vertical / Service Line

Additive to Part 1. Covers named venue/service categories plus categories currently trending in 2026 digital health VC funding (weight management/GLP-1, oncology, cardiometabolic) and trending in industry research/conference discussion (AI in clinical workflows, interoperability, value-based care, health equity/SDOH).

AI in Clinical Workflows

Source	URL	Type of Data Included	Countries Covered	Access
Coalition for Health AI (CHAI) — Public Registry	registry.chai.org	Free searchable registry of standardized 'applied model cards' per health AI tool — development, intended use, capabilities, and known risks, submitted by vendors and health systems — a product-level market map of deployed health AI.	US	Free
FDA AI-Enabled Medical Device List	www.fda.gov/medical-devices/artificial-intelligence-enabled-medical-devices/list-artificial-intelligence-enabled-medical-devices	Running list of FDA-authorized AI-enabled medical devices, filterable by medical specialty/panel and authorization date, with a direct link to each device's FDA database entry — a bottom-up denominator for sizing clinical-AI submarkets.	US	Free
Peterson Health Technology Institute (PHTI)	phti.org/assessments/	Independent technology assessments of clinical AI categories (e.g. ambient scribes).	US	Free
PHTI — Adoption of AI in Healthcare Delivery Systems	phti.org/adoption-ai-healthcare-delivery/	Free market trend report on health-system AI adoption from PHTI's AI Taskforce, covering ambient-scribe clinician adoption-rate ranges by health system, usage-pattern breakdowns, and burnout/financial-impact findings. Dated report (published March 2025), not an evergreen page — will need periodic re-chasing for newer editions.	US	Free
KLAS Research — Ambient AI/Speech Reports	engage.klasresearch.com/complimentary-reports/	Free blog summaries and press commentary on ambient AI vendor performance (full KLAS reports are paid).	US	Free (blog)/Paid
AMA Physician Survey on Augmented Intelligence	ama-assn.org/practice-management/digital-health/physician-survey-augmented-intelligence	Annual national survey of physician AI adoption and trust.	US	Free
Epstein Becker Green — State AI Law Tracker	ebglaw.com/insights/publications/state-ai-law-tracker	Free continuously-updated interactive map of enacted state AI legislation, with a dedicated health care & life sciences category covering prior-authorization, clinical decision-support, and patient-disclosure laws state by state, plus bill summaries and passage dates.	US	Free

Source	URL	Type of Data Included	Countries Covered	Access
CB Insights — State of Digital Health/AI Reports	cbinsights.com/research/report/digital-health-trends-q3-2026/	Quarterly funding/deal/unicorn data tagged by AI focus area. Published quarterly under a dated URL (no evergreen link exists) — will need periodic re-chasing.	Global	Free (registration)
Rock Health Insights	rockhealthcapital.com/insights/	Funding analysis with clinical-category and AI-investment breakdowns.	US	Free
Bessemer Venture Partners — State of Health AI	bvp.com/atlas/state-of-health-ai-2026	Annual VC-published health AI market analysis including agentic-AI predictions and Health Tech 2.0 valuation and growth data; a starter source for the emerging 'Agentic AI in Healthcare' market-sizing category, covering AI adoption and valuation trends.	US	Free
Stanford HAI AI Index Report — Medicine chapter	hai.stanford.edu/ai-index/2026-ai-index-report/medicine	Annual chapter covering FDA AI-device authorization counts, the share of authorized devices backed by randomized-trial data, ambient clinical-documentation adoption and ROI, and clinical-AI evidence-base composition.	US	Free
Vals AI — Health Benchmark Leaderboards	vals.ai	Independent LLM benchmark leaderboards for healthcare-adjacent tasks — medical billing/coding (MedCode), clinical documentation (MedScribe), and a mental-health safety benchmark (SAFE-Teen) — scored across frontier, open-weight, and specialized models. A capability/maturity signal for health AI, not a market-size source in its own right; pair with the adoption and funding sources above for sizing.	US	Free

Bedside Medical Devices

Source	URL	Type of Data Included	Countries Covered	Access
FDA MAUDE — Device Adverse Event Database	www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfmaude/search.cfm	Free searchable adverse-event reports by device product code — the standard denominator for infusion-pump, ventilator, and patient-monitor safety analysis.	US	Free
FDA — Medical Device Shortages List	www.fda.gov/medical-devices/medical-device-supply-chain-and-shortages/medical-device-shortages-list	Free continuously-maintained list of current device shortages and discontinuances — a direct read on supply-constrained inpatient-device categories.	US	Free
ECRI — Top 10 Health Technology Hazards	home.ecri.org/blogs/guidance-insights-tools/top-10-health-technology-hazards-for-2026-executive-brief	Free annual executive brief ranking device and technology risk areas across hospitals and health systems (full report and solutions kit are member-only).	US	Free (brief)/Paid

Source	URL	Type of Data Included	Countries Covered	Access
AAMI — The State of HTM	aami.org/news/the-state-of-htm-2025-report-signals-changing-health-tech-workforce/	Free annual survey of ~1,000 healthcare technology management professionals on device-servicing staffing, salary, and role evolution, plus a free HTM benchmarking guide.	US	Free
CMS — Hospital Provider Cost Report	data.cms.gov/provider-compliance/cost-reports/hospital-provider-cost-report	Free HCRIS cost-report extracts including hospital capital and equipment line items — the only free source for facility-level device capital spend.	US	Free

Behavioral Health

Source	URL	Type of Data Included	Countries Covered	Access
